Allan's breeding room is set up with sixty breeding cages.

The varieties bred include most normal's with a specialisation in Lutino, and for the lesser varieties Alan is breeding Recessive Pieds.

A highlight of Alan's involvement in the hobby has been his many trips to England and Europe to visit the major shows and breeders establishments.

The aviary / flights are external to the breeding room and consist of three main flights and one smaller internal flight which provide a bit more protection from the elements for the younger birds when they are introduced to the flights. The aviaries face East and the birds are allowed to endure all weather conditions.

Alan has been invited to Judge at the World Budgerigar Society BS show in Doncaster, England in 2013. One of the highest honours a judge can receive.
