- 50 Points – Type
- 20 Points - Colour and Markings

Refer to the written Standard for further expansion on the varieties of the Crest along with Penalty Clauses

BLACK EYED SELF COLOUR:

MASK: The mask is to be clear, wide and deep, (not cleft) extending beyond two large cheek patches.

GENERAL BODY COLOUR: Back, rump, breast flanks and under parts to be a solid and even shade throughout

MARKINGS: Clear ground colour is the optimum. Faint markings are found on cheeks, back of head, neck and wings.

EYES: Dark with a white iris ring.

PRIMARY FLIGHTS: Approaching body colour.

FEET & LEGS: Pinkish, Blue/Grey, mottled.

NOTE: Visible Opaline characteristics are not permissible. The aim of this variety is to achieve an optimum of colour Yellow or White as the name ‘Self’ implies.
