

2020 CLUB MEMBER VARIETY SURVEY

United is one of the most competitive clubs in Victoria on the show bench. One of the ways we achieve this by helping all our members to improve their birds up to show standard. We also encourage all members to breed at least one of the "Lesser" varieties. This helps ensure that we can field a full team of birds covering all varieties at the 3 State Championship shows, to win the "Shield".

Winning as individuals is great, but to work as a team to win as a club is even better. To help us understand who is breeding what varieties we ask that you fill in this form and return. This will help us with our forward planning and assist encouragement of breeding the varieties that we are short of.

This list is in the same order & format as the show matrix. Please review the list and just the box adjacent to indicate if this is one of the varieties that you breed,

CLASS	VARIETY	BREED?
